Subject: East Jordan Irrigation Company Outfall into the Jordan River  
RDCC Project No. 11350

Dear Mr. Kaufman:

The State of Utah, through the Public Lands Policy Coordination Office (PLPCO), has reviewed this project. Utah Code (Section 63J-4-601, *et. seq.*) designates PLPCO as the entity responsible to coordinate the review of technical and policy actions that may affect the physical resources of the state, and to facilitate the exchange of information on those actions among federal, state, and local government agencies. As part of this process, PLPCO makes use of the Resource Development Coordinating Committee (RDCC). The RDCC includes representatives from the state agencies that are generally involved or impacted by public lands management.

**Division of Air Quality**

The proposed project is in Salt Lake County, which is a PM-2.5 non-attainment area. A non-attainment area is an area that has not met the National Ambient Air Quality Standards (NAAQS). Because it is a non-attainment area, the proposed project may be subject to R307-309: Fugitive Emissions and Fugitive Dust, of the Utah Air Quality Rules. R307-309 requires that owners or operators of a project involving the clearing or leveling of land or access haul roads that are one-quarter acre or greater in size submit a fugitive dust control plan to the Executive Secretary of the Air Quality Board for review. The fugitive dust control plan must be submitted to the Executive Secretary at the Utah Division of Air Quality at the Multi Agency State Government Office Building located at 195 North 1950 West in Salt Lake City 84116. A copy of the rules can be found at [www.rules.utah.gov/publicat/code/r307/r307.htm](http://www.rules.utah.gov/publicat/code/r307/r307.htm).

The State of Utah appreciates the opportunity to review this proposal and we look forward to working with you on future projects. Please direct any other written questions regarding this correspondence to the Public Lands Policy Coordination Office at the address below, or call Judy Edwards at (801) 537-9023.

Sincerely,
